Minutes of the meeting of

THE SCOTTISH ARCHAEOLOGICAL FINDS ALLOCATION PANEL

10:45am, Thursday, August 2nd 2018 Chambers Street, Edinburgh, EH1 1JF

Present: Dr Evelyn Silber (Chair), Neil Curtis, Jacob O'Sullivan, Richard Welander, Dr Mary Macleod Rivett, Dr Stuart Allan

In attendance: Emily Freeman (TTU), Ella Paul (TTU), Robert Sandeman (Solicitor to the QLTR), Joe Traynor (MGS). Ella Paul took the minutes.

1. Apologies

Apologies from Paul MacDonald & Peter Yeomans.

2. Minutes of Previous Meeting

The minutes have been circulated with no corrections/updates needed.

3. Chair Remarks

ES welcomed EP & SA to their first meeting.

Scotland's Archaeology Strategy

JO gave feedback on the Archaeology Strategy Museums meeting and suggested that a timescale for the working group would be finalised in the coming weeks. ES made the suggestion that a TTU member should be included in discussions.

New SAFAP Panel Member

ES confirmed the new SAFAP panel member to be Mark Hall and proposed to extend an invitation to the December 2018 meeting.

• TTU Developments & Staffing

SA provided a timeframe for the introduction of permanent TTU staff by March 2019. ES suggested that the discussion on streamlining of procedures needs revisiting once the permanent staff members are in place.

RS confirmed that a draft of an Exceptional Circumstances policy is currently circulating.

• 2017-18 Annual Report

ES has put together a draft of the 2017-18 Annual Report.

ES & EF have been working together in the last few months to approve loans of unallocated TTU material.

4. Stuart Allan - NMS

SA was very pleased to be in attendance of his first SAFAP meeting and reiterated the welcome to EP. Thanks were given to EF for her work in seeing this meeting come to fruition despite staffing shortages. SA stressed NMS' commitment to the stewardship of the TTU.

5. TTU Report

EF gave an overview on the recent progress of the TTU.

The unit is not yet up to date with cases being put to the panel, although improvements have been, and continue to be, made with this. EF has been working to ready the current cases while EP has been auditing the remainder of the TTU backlog.

The outreach programme has started, with recent visits to Mintlaw and Kelvingrove. The next events will be held in Elgin.

6. AOCB

RW raised the issue of the number of excavation assemblages remaining in storage with commercial units awaiting allocation to museums, despite being museum ready. EF requested that cases be re-submitted to the TTU to be dealt with. This raised a wider procedural discussion on archaeological assemblages and streamlining possibilities. MMR also raised the question of historical assemblages in university collections that have not gone through the TTU, both in and outwith Scotland. ES stated it was helpful to raise these issues but they need to be returned to once permanent TTU staff are in place. RW noted that this issue fits well within Scotland's Archaeology Strategy and perhaps conversations should also be continued there.

7. New Cases

In those instances where a case involved an institution to which a member of SAFAP belonged or had otherwise raised a possible conflict of interest, that individual was absent from the room for the discussion of allocation or determining the ex gratia award. This was Stuart Allan for all cases relating to NMS.

Cases marked with an * indicate that the relevant museum accepted the material in a 'last resort' capacity, where a local museum did not apply to be allocated the material.

Chance Finds: 49

Excavation Assemblages: 2

Cases with competing applications: 1

Cases with no applications (subsequently disclaimed) – 0

Cases to Note

TT005/18: The valuation was discussed. Comparanda sent in by the finder and TTU was considered, with the ex gratia award raised to £200.

TT041/18: The valuation was discussed. Comparanda sent in by the finder and TTU was considered, with the decision that the original ex gratia award of £30 was fair.

TT008/18: The pin for this brooch was recently found and sent in. It was noted that it is unusual to have both parts and therefore the ex gratia award was raised to £60.

TT020/18: This case had competing applications from Perth Museum & Art Gallery and National Museums Scotland. The panel agreed that both cases were equally strong and therefore decided in favour of Perth Museum & Art Gallery based on the policy preference for local museums.
